Reason for denial: _____

Superintendent or Designee's Signature

☐Approve ☐Disapprove _____Date_____

This application form, approved October 11, 2005 by the Idaho State Department of Education, was prepared pursuant to Section 33-1402, Idaho Code and is for use by the Boise Independent School District.

Open Enrollment Contract

_____ will be allowed to attend _____
     Student Name   School Name

if he/she adheres to the expectations detailed in Boise District Policies 3113 and 3113P, http://www.boiseschools.org/our_district/policy_manual. These expectations include but are not limited to the following areas. Students must:

- Follow attendance and discipline policies as outlined in the Boise School District Policy Manual and the school student handbook.
- Receive no major disciplinary violations as outlined in the Boise School District Policy Manual.
- Make progress toward positive academic achievement.

_____**Please initial that you have read and understand the policies and procedures.**

If an open-enrolled student violates any of these or other expectations detailed in Policies 3113 and 3113P, the principal may revoke the student's open enrollment. Revocation of open enrollment requires specific documentation from the principal or designee and may be appealed to the Council of Directors.

Parents, please <u>initial</u> each of the following statements to acknowledge that you understand:

_____If approved, this approval is for the current school year only. You must reapply for all subsequent years by completing an Open Enrollment Continuation Form and Contract, which must be submitted annually to the open enrolled school for approval by February 1st.

_____As a parent you are responsible for providing transportation to and from school for your student. If space is available, your student may ride a bus on an existing route. If your student is approved to ride on a bus, you are responsible for transportation to and from the bus stop.

_____The quadrant high school in which your student is open enrolled may be closed for open enrollment or have limited slots available for your student's sophomore year. This may prohibit your student from gaining approval for open enrollment to that high school.

_____If your child participates in athletics, he or she may have the opportunity in 9th grade to play at the high school level at the quadrant high school in the area in which he or she is open-enrolled. The Idaho High School Activities Association (IHSAA) regulations state that if your student has played at the high school level as an open enrolled 9th grader (freshman), and then must return to his/her home high school, he or she may not be able to play at the varsity level for 365 days.   Although you can appeal this rule to IHSAA, you should carefully consider whether or not it is in your student's best interests to continue with open enrollment for his/her 9th grade year.
